Kudos to Bruce Smith and the others who organized the BMWs at the Northeast Exotic Car Show. It was a great day: fabulous cars, food, music, a tour of the brewery and free beer, and seeing the Clydesdale horses.

The photo* is our summer driver, a 1996 BMW 328iCA we've had since new. Thanks to all for a really fun day,

Sincerely,

Bob & Joanne Merrill, Bedford, NH

Tempus Fugit

time flees

by: Bruce Smith, WMC President

Where did the summer go? I can't help but wonder how I got through the summer months so quickly. It is all just a blur. As I'm sitting writing this, I'm having trouble letting go of summer. I'm not ready for the foliage to change. How can it be time for the kids to go back to school?

Don't get me wrong, I love the autumn months in New England. There is something exhilarating about the cool crisp early morning air, and comfortable temperatures of the late afternoons. Certainly, exercising your favorite BMW on the back roads during peak leaf-peeping season is one of the very special perks we get to enjoy by living here.

The summer months were busy. We are working on a new chapter logo. We have submitted the draft copy to the National folks which may be approved by the time you read this. We expect to have the "unveiling" of the new logo in time for the next Profile issue. Stay tuned to the website to get a sneak peak.

We also had our August Heat driving event, and put on a very successful MINI Advanced Driving Safety Skills school. I want to thank Pete Basiliere for his help in pulling the event together. It was a wonderful time, and we capped off the day by having 25 MINIs do a couple of parade laps around NHIS. We sent everyone home tired and smiling. It doesn't get any better than that. I hope this becomes an annual happening. Thank you Pete.

Speaking of "Thank You's"; I want to publicly thank all of our driving instructors. There so many, I don't dare to try and mention them all by name. These guys and gals make our driving events what they are. I think we have some of the best instructors in the club, I appreciate all of the time and effort they put into or chapter.

I also want to thank Tom Blinn for his generous gift of the BMW bicycle that he donated to the chapter to raise money.

We raised \$400 through an auction that will be given to various charities.

Elections. - "I'm tired of hearing it said that democracy doesn't work. Of course it doesn't work. We are supposed to work it". ~Alexander Woolcott

It is time to start thinking about chapter elections. Yes, the chapter elections are coming up in December. If you are interested in running for an elected office, this is the time to get started. We have four elected positions: President, Vice President, Treasurer and Secretary. Holding an elected position is a great way to participate in the chapter, and make an impact. I encourage anyone thinking of running to put together a candidate statement, (no more than 300 words), a photograph of yourself, and submit it to our membership chair, Laura Failis.

We will be publishing the candidate statements and election dates on the website. Please check the website on a regular basis. It is the best way to stay informed on upcoming events.

I hope you all have an enjoyable fall.

*Falling leaves
hide the path
so quietly*

OKTOBERFAST 2007

An All German Car Weekend

by: John Holzscheiter, President
– Green Mountain Chapter, BMW CCA

Greetings from Vermont! The Green Mountain Chapter of the BMW Car Club of America invites you and your family to OKTOBERFAST '07, our Annual ALL German Car Weekend. OKTOBERFAST '07 will be held October 5-7 on the fields of TOP NOTCH RESORT and SPA in picturesque Stowe, Vermont.

Following the tradition of SOMMERFAST '05, and OKTOBERFAST '06 this will be a fun-filled weekend for German car enthusiasts and their families. The Green Mountains of Vermont, in peak foliage colors will be the beautiful backdrop for car buffs to show and drive their cars, and socialize with fellow automobile aficionados. The event is open to all German marques – Audi, BMW, Mini, Mercedes, Porsche, Volkswagen as well as BMW Motorcycles.

The Green Mountain Chapter is committed to hosting an exciting and memorable event for German car fans. Our

inaugural event, SOMMERFAST '05, was a resounding success with BMW Tech guru Mike Miller writing a great article about it in Bimmer Magazine issue #55. Mike was back for OKTOBERFAST '06 when the show grew to over 130 cars and he will be with us again for OKTOBERFAST '07. Bear in mind, this isn't Pebble Beach, nor is it Sebring. We are a small chapter with a big heart and fun is our main focus. We hope you'll give your baby a little extra TLC for the show-and-shine, but do as much or as little waxing as you want. And for those "always wanted to but haven't had the nerve" autocross wannabes out there, we will have an autocross just for OKTOBERFAST '07 attendees. Make it your first autocross - it's not just for racers. Also!! OKTOBERFAST will once again be run simultaneously on the same grounds with one of Vermont's Largest Arts and Crafts Shows see below for more details on that.

So Come DRIVE VERMONT and go car crazy for a weekend!

OKTOBERFAST '07 Details:

When: October 5-8 – early afternoon Friday through Sunday afternoon.

Where: The fields at TOP NOTCH RESORT and SPA in Stowe, Vermont. Visit www.gostowe.com for general directions and a variety of lodging options. Keep in mind, this is peak foliage season in Vermont and rooms do book up

quickly. Also, rates are sufficiently higher than midsummer rates. We have reserved a block of rooms at substantially discounted rates at Smugglers Notch as well as a small block of rooms at the Commodore Inn. Go to www.oktoberfast.com for more information on lodging discounts.

Who: All Audi, BMW, Mini, Mercedes, Porsche, Volkswagen cars and BMW Motorcycles, car owners, and car fans.

What: Scenic drives Friday afternoon, social hour and buffet dinner Friday evening, show-and-shine and awards Saturday, Tech Session with Mike Miller, Huge Arts and Crafts show, social hour Saturday evening, autocross and scenic drives Sunday and a fun time with family and friends all weekend.

How to register: Visit our official chapter website, www.vtbmwcca.org, and click on "OKTOBERFAST '07" for registration options. For secure online registration, visit our official registration website, www.vtoktoberfast.com.

Need more info? Email us at info@vtbmwcca.org with any questions.

OKTOBERFAST '07 will be headquartered at Smugglers Notch in Jeffersonville, Vermont just on the other side of the Notch about 15 minutes outside of Stowe where we have a block of rooms reserved.

Green Mountain Chapter BMW CCA

www.vtbmwcca.org

ALL GERMAN CAR WEEKEND!

OKTOBERFAST '07 registration fees:

We are sorry but there is a minimal cost to attend OKTOBERFAST. We are sorry that we must do this, but please know that we are not looking to make this into a money making venture for our chapter. We just want to have a fun event for everyone and cover our costs. These fees will help pay for organizational and material costs, promotion, field rental, tent rental, porta-potties, supplies, awards, and numerous other miscellaneous expenses associated with planning and running such an event.

\$40 3-Day Registration Fee

participation in Friday Drives, Friday evening social events, Saturday's Show and Shine, free entry into the Arts and Crafts Show, Saturday night's social, and the Sunday Drives as well as a registration packet and a gift. It will not include entrance into the Autocross.

\$20 Saturday Only Entrance Fee

This Fee is for those looking to attend just the Saturday Show and Shine and free access to the Arts and Crafts Show.

\$40 Autocross

This is the Entrance Fee for all Autocross participants.

OKTOBERFAST '07 schedule of events:

Friday at 1:00pm OKTOBERFAST '07 will start with several pre-planned and mapped out self-guided scenic tours as well as a "Fun Rallye" for people to choose from. These tours will take you through the beautiful back roads of Vermont over roads selected with the intent of keeping participants away from the roads most "leaf peepers" travel and into the heart of Vermont on the back roads that the locals travel. These Drives have been the most popular events in the past. Friday evening there will be a cocktail social and a buffet dinner (cocktails and dinner are not included in your registration fee.)

Saturday will be our Main Event with the Show and Shine and People's Choice awards going to all marques. Mike Miller Technical Editor for *ROUNDEL* will be on hand for a Tech Session and we will have the 25th Annual Stowe Fall Foliage Arts and Crafts Show hosted by Craftproducers of

Vermont. Saturday evening dinner will be on your own with a social event at the Rusty Nail in the evening.

For the non-car enthusiast in your family OKTOBERFAST '07 is partnered again with Craftproducers and their *25th Annual Stowe Art & Crafts Festival*. This festival features 185 of the best regional artisans, hand selected as they are the pinnacle of their trades. Enjoy live musical performances, sip wine in the Wine Tasting Pavilion, and be amazed at the pottery, blown glass, furniture, clothing, weavings, leather, original art, and fabulous photography. There will also be a variety of gourmet food concessions. For details on the Stowe Art & Craft Festival, visit www.craftproducers.com.

Sunday attendees will have a choice between several self-guided tours of the back-roads of Vermont or an Autocross. The GMC BMW CCA will host this event and will be assisted by the SCCV (Sports Car Club of Vermont.) This event will be held a short 45 minute drive south of Stowe at the base of Sugarbush Ski Area in Waitsfield/Warren Vermont. The Autocross will be primarily reserved for OKTOBERFAST participants and will not be open to the general public. The SCCV will have numerous members in attendance to help coach and ride along and teach people the ins and outs of the autocrossing. If you have never done an autocross and have wanted to, this will be an excellent time to try it out. If you have a SNELL/SA 2000 or newer helmet please bring it. If you do not have a helmet we will have loaners for participants to use. Please make sure your car is in good running order with no leaks, safe tires and that your battery is secured firmly to your car, bungee cords will not be accepted. There will be a brief tech inspection of your car prior to the event, if your car does not pass this inspection you will not be allowed to participate.

For more information and to register:
www.vtoktoberfast.com or email info@vtbmwcca.org

The Green Mountain Chapter of Vermont looks forward to being your host and we hope you will join us and...

Come drive Vermont!

2007 Rolex Vintage Festival at Lime Rock Park

by: Laura Fallis, Membership Chair

With our July issue of *Roundel* comes an exclusive offer from BMW NA and BMW CCA: Tickets to the *Rolex Vintage Festival at Lime Rock Park* over the Labor Day weekend!

I decide I just *have* to go and choose Sunday and Labor Day to attend the event. This will allow for an extended long and fun weekend, which is nice since my important upcoming trip to South Carolina can be shortened to a fly-in, fly-out

visit. With a chance to experience the Rolex Vintage Festival at Lime Rock Park, a tour of Spartanburg will just have to wait.

My Labor Day weekend begins early, on Thursday, with typical flights that include a two-hour delay. We (myself and my son's girlfriend) arrive late at our hotel in Columbia, S.C. on the eve of my son Russell's graduation. Excited and frustrated we look forward to Friday, graduation day. It's nine weeks since my son left for 1st Basic Training in the US Army National Guard. We're excited to see him and hope to meet a disciplined young man.

Friday morning arrives quite quickly and with directions in hand we head on out to Fort Jackson. Graduation ceremonies are on and being the proud parent I can't help but shed a tear or two. At the end of the ceremonies we quickly make way to the graduates for congratulations. We spot each other. A long embrace is exchanged. I am very proud of my son.

Saturday is another day of airport travels. Russell arrives home for a family gathering that evening that includes fireworks for his homecoming.

son even gets to sit in one of the racecars. (*upper right photo*) You can see in his eye the imagination of adrenaline that racers often get to feel when they drive. It's a feeling like none other and unless you've experienced it, words just can't express.

Around lunchtime the morning's early birds make their way back to their cars for parade laps that the drivers and spectators alike watch. Lime Rock is a fascinating track to drive. It's Big Bend and No Name Straight are pretty amazing.

Sunday is filled gathering the items for our picnic basket and cleaning the car for the trip to Lime Rock Park Raceway. I hopefully anticipate driving in the parade laps that will be offered to the early birds at the track. So good preparation and a good night's sleep are in order.

Monday morning arrives before I know it. It's Labor Day, often a day of rest and relaxing, but at 4:30 a.m. we are already up and on our way for an almost 200 mile cruise to Lime Rock Park in western Connecticut, in an attempt to be one of the chosen few allowed to drive parade laps. We arrive. We wait in line. I'm told I'm the last car in! I couldn't be happier at this sneak peek opportunity to drive Lime Rock!

We spend the morning wandering around the paddock taking in the sites. Make sure to say hello to the sponsors and even chat with Russ Truelove (*lower left photo*). Russ is certainly a known face at Lime Rock. His eyes still sparkle and he smiles ear to ear talking about the sport of driving. My

After parading ten or so laps it is clear to me that I will have to drive this track again! It's a track that can be driven with finesse and precision. The racers prove that in the afternoon track sessions.

This Labor Day weekend has etched great memories into our family. I hope you all enjoyed yours as well.

Summer Heat 2007 at NHIS

by: Laura Fallis, Membership Chair

The White Mountain Chapter's Summer Heat high performance drivers school took place at NHIS on Thursday, August 23, 2007. It had a wonderful turnout and the day went by without major incident. All were able to drive their cars home. Some of our recent ADSS participants attended and really enjoyed the experience.

Whatever your answers are, relearning is a great benefit. Join us for a driving event!

Northeast Exotic Car Show 2007

text by: David Harrison
photos by: David and Rachelle Harrison

Saturday, August 25th was a day for the exotic vehicles from the region to congregate in Merrimack. The event will be remembered by all who attended as the "Hot and Exotic Car Show of 2007". It coincided with the hottest day of the year as the temperature topped 95 degrees. I swear I could hear the wax melting off the cars. Shade and water were at a premium by the time the voting concluded at high noon.

The Dodge Viper Club once again hosted the event and provided a top notch venue. The whole occasion went smoothly and was extremely well organized. This was the fourth year the group volunteered to work the show to benefit the Make-A-Wish Foundation. A thank you also goes out to the Anheuser Busch folks for providing the beautiful grounds of the Merrimack Brewery as a backdrop for the automotive works of art.

The weather did not deter the BMW loyalist. Twenty One cars on the lawn sported the blue with white roundel. The goal of the White Mountain Chapter was to gather more cars than the host club. We bettered the Vipers by about 2 to 1. As a matter of fact, BMWs outnumbered all other makes on display. Additional groups included Ferrari, Lamborghini, Porsche, Lotus, Delorian, and many more. Some independent

I spent the day with Gordon Geick who instructed me during my f sessions of IDP (Instructor Development Program). Yes, I guess I'm one of the chosen ones who are maybe crazy enough to attempt this. -Instruct, that is. Actually, I have enjoyed the number instruction sessions I've given thus far this year. Street Survival, for our up and coming teenage drivers, was very rewarding for me as our younger drivers took thier first serious steps to becoming better, safer drivers and learning about the abilities of both car and driver.

Many, many of us went home with smiles on our faces after a day at the track and tales of the day may be told for a lifetime. Thanks to all our sponsors, participants and most of all our volunteers who made the day!

I recently came across came across a campaign of "Who Taught You how to Drive?" incorporated with "Relearn to Drive". Together it's comical and serious and in some cases so true. Think about it for a moment. Who taught you how to drive? How long ago was that? What really did you learn?

Club member Walt Wolf checks in with Michael Morin and Dana Sion. Mike and Dana braved the elements and manned the table all day!

Ronald Beaul and his beautiful silver 1989 325is

entries included a vintage Stanley Steamer and a huge International Harvester pickup.

Some BMWs were displayed by old veterans such the Hasteys with their Z3 (complete with flames) from Detroit, ME. New comers included a beautiful blue 1997 M3 sedan being shown for the first time. Missing last year, Rodneu Blais arrived in his 1979 320i. This turned out to be the oldest car in the paddock. A new engine should extend the life of this rare "targa top" example. Turner Motorsport and Motorwerks both provided two examples of high performance BMWs, the latter showing two Dinans. Overall a good cross section appeared with the entry of such cars as a 1999 740i and 2008 535i touring. After the awards were (presented two hours early due the heat) most participants went in search of cooler activities.

The WMC would like to thank all who joined us as entrants or spectators in support of the Make-A-Wish Foundation by attending a day of cars, Clydesdales, and brewery tours. Entry fees alone provided over \$400 for the cause. Please look for this event on the club calendar next year!

Hot Laps Go Karting at Sugar Hill Speedway

general news

OKTOBERFAST! 2007

Late Breaking Developments!

by: John Holzscheiter, President - Green Mountain Chapter

Attention German Car Fans and especially BMW Car Club of America members!

The Green Mountain Chapter of the BMW CCA is very proud and extremely honored to announce that the late Yale Rachlin's, (former editor and chief of ROUNDEL) 2002 tii will be making it new debut at OKTOBERFAST 2007. Yale's car is now owned but Robert Gerry, a member of the Green Mountain Chapter of the BMW CCA. Bob has spent the last 18 months or more overseeing the complete and vigorous restoration of Yale's special 2002 tii. The car is fresh from restoration this past August and is in true concours condition. So if you are a fan of Yale or just a fan of BMW's beloved 2002 be sure to plan on attending OKTOBERFAST 2007 to see this very special car.

For more about this great upcoming event, see page 4.

Real-Time Tech Talk

With Mike Miller (tm)

by: Mike Miller, Technical Editor, Roundel Magazine

Join the one and only Mike Miller for Real-Time Tech Talk With Mike Miller (tm) at The Vermont House, Wilmington, VT, Nov. 2-3, snow or shine.

The Vermont House is an inn, restaurant, and tavern dating from 1860 in Wilmington, a nice Southern Vermont town.

Real-Time Tech Talk With Mike Miller will be an informal impromptu event, which is not BMW CCA sanctioned or affiliated. I'll be there all day, both days, available to answer tech questions and meet with the members.

Lodging is available at The Vermont House (www.thevermonthouse.com) as well the Old Red Mill <http://www.oldredmill.com/> and probably plenty of other places in and around Wilmington.

If it works out, this may wind up being an annual event.

Oktoberfest Raffle 2007

"BMW E30 M3's" by Tom Montanari

Have a passion for BMWs? Are you feeling lucky? You might be just the one to win this outstanding original painting created by renowned automotive artist Tom Montanari. Many club members either own or have seen his work in Roundel and other automotive publications.

For just \$20 you might be able to own this beautiful one-of-a-kind painting valued at \$7,500! Thom produced this acrylic painting especially for our club to commemorate the 20th anniversary of the E30 M3 (1986-91).

The actual painting will be on display at Oktoberfest and the winner will be announced at the banquet on Friday night, Oct. 5, at Oktoberfest. To participate call (800) 878-9292, or send your check or money order to:

BMW CCA E30 M3 Painting Raffle
Suite 201
640 South Main Street
Greenville, SC 29601

See www.bmwcca.org/node/9084 for rules and restrictions.

The BMW CCA Foundation Another Raffle Opportunity

Many of you know that the Tire Rack Street Survival program is large focus of the BMW CCA Foundation. Without the help of the BMW CCA chapters, the Foundation wouldn't be able to host the Street Survival schools. However, please note that there is more to the Foundation than their on-going efforts at teen driver education.

At its core, the CCA Foundation is a charitable 501(c) 3 organization-meaning all donations we receive in cash or in kind are eligible for a bona fide IRS tax deduction. In addition to supporting a wide range of vintage events, road rallies and related enthusiast events aimed at getting the great cars of yesteryear out and in public view, the Foundation maintains a sizable and growing library and archive that is dedicated to preserving, as well as making available, historical BMW related materials of just about any kind relating to the marque - for both educational and enthusiast related purposes. To that

end, the Foundation has been accepting donations of money and or historical items for the archive from club members all over the nation, BMW dealers and independent shops, and even from BMW NA since the Foundation was established in 2002.

Recently, the Foundation approached another milestone when we received some very exciting news. A twelve-year BMW CCA member of the Bayou chapter (who has asked to remain anonymous) donated his beloved '95 BMW E36 M3 to the Foundation. He wants the car to be raffled off so that the proceeds can be used to further the great programs and good works the Foundation has undertaken.

He is the original owner and knows the car inside and out. The car is in excellent condition and was produced in December 1994. Hellorot red with black leather Vader seats. Total mileage is 78,000+/-.

Please see the Foundation website www.bmwccafoundation.org for a complete list of upgrades and modifications to this car. The folks at the BMW CCA Foundation felt the only proper thing to do was to offer this stunning car back to the membership in the form of a Foundation Fantasy Raffle! Although this car is full and completely road legal, how about a raffle offering the dedicated track car you always dreamed of-but could never get your significant other to allow you to finagle!

The raffle begins September 15, 2007 and ends December 14, 2007 with the car being given away in time for the holidays! Ticket prices will be 1 for \$10, 3 for \$25, or 7 for \$50. So at this year's Oktoberfest in Ft Worth, TX, we will have a booth to promote the Foundation which will include a very special Hot Rod E-36 M3-with a large bow on the roof!

Tickets to the Foundation Fantasy raffle will be sold at the BMW CCA Foundation booth and on our website - www.bmwccafoundation.org. And if you are in Ft Worth during Oktoberfest, stop by to say hello and see the car!

chapter membership

by: Laura Fallis, Membership Chair

As your Membership Chair, I cordially invite ALL members to join in on our great activities during this upcoming Fall. Some of the what's in store for you in the coming weeks includes:

Green Mountain Chapter OktoberFAST from October 5th through 7th in beautiful Stow, Vermont

Advanced Driving Safety Skills School on Saturday, October 20th - NHIS, Loudon, NH. Come sharpen your skills! Practice for our October Driving Event!
Street Survival School graduates welcome!

End Of Summer Driving School a big 3-day event running from Friday, October 26th through Sunday, October 28th.

Come celebrate as we pair up with the Boston Chapter to host this three day gala at NHIS. Spectators are FREE just sign in at the track entrance guest window.

The White Mountain Chapter's annual Holiday Party at C.R. Sparks in Bedford, NH, taking place on Saturday, January 26th. Don't miss this legendary event; mark your calendars now!

I really hope to see you at a chapter event sometime! Our events are a great way to meet other chapter members and make new friends! Read about event details in the DEC and SEC *Profile* articles or visit the chapter website: www.wmc-bmwcca.org

Chapter members can request to place an ad, at no cost, which will run for three months. See the chapter website to submit an ad. The request is subject to approval by the WMC, which cannot guarantee the items in any manner and is not responsible for the accuracy of ad content.

calendar of upcoming events

October

Friday October 5 th - Sunday October 7th, 2007
Green Mountain Chapter OktoberFAST
Join us at our sister chapter's all German car weekend -
OktoberFAST! Held at picturesque Stow, Vermont. See page
4 for more details.

Sunday October 7th, 2007 10:00am - 2:00pm
Bavarian Autosport Show and Shine
This event promises to be a great day filled with camaraderie,
good food, thousands of dollars in free raffle prizes, awards
and, of course, lots and lots of BMWs. Held in the parking lot
at BavAuto in Portsmouth, NH.

Saturday October 20th, 2007 8:00am - 5:00pm
Advanced Driving Safety Skills School
Have fun and learn important car control skills at our
Advanced Driving Safety Skills school. NHIS
COST: \$85
Registration is open! (check the website)

Friday October 26th - 28th, 2007 7:00am - 4:00pm
End Of Summer Driving School
This three day school at NHIS is your last chance for track
time with the WMC this year. This is a joint event with the
Boston Chapter, hosted by our chapter this year. NHIS
COST: \$190 per day
Registration is open! (check the website)

January

Saturday January 26th, 2008 6:00pm - 11:00pm
Holiday Party
You don't want to miss this spectacular event! Plans are
underway for another great party with a nationally recognized
entertainer being booked for the event. Reserve this date and
stay tuned for more info! Will be held at the Event Center at
C.R. Sparks in Bedford, NH.
Registration still TBD. (check the website)

camera shots

by: Ray Main

And they said it couldn't be done...

I built it myself out of mostly aluminum angle. The key is that I had purchased a trailer hitch for the car and that allows for rear support of the frame which is 2' x 8'. Front support is to the convertible top pilot pins on the wind shield. It works well for the kayak and carrying lumber as well. The wife said it looks like a redneck 2nd floor addition to the car.

Submit your favorite BMW or BMW CCA related photo *the Profile* newsletter editor for “camera shots”. Be sure to include your name and a caption and/or title! See the last page of *the Profile* for details.

chapter sponsorship

Following are the companies whom we are thankful to have as sponsors of the chapter. They help fund our driving schools and social events, and provide valuable services for our members. Mention your BMW membership, as some provide additional discounts on goods and services.

Look for their ads in forthcoming issues of *the Profile*, give them your support, and let them know you saw them in *The Profile*!

BAVARIAN AUTOSPORT

When we first fell in love with BMWs, there were no companies like ours. So we had to invent one. We were enthusiasts like you, so we knew what the company had to look like. Bavarian's High Performance BMW Catalog of Automotive accessories and parts for BMWs.

CLUB MOTORSPORTS

Valley Motorsports Park offers driver memberships, like a golf club, and the opportunity to drive their vehicles on a challenging but safe 3.3 mile, 18-turn road course.

www.clubmotorsports.com

CONCORD MOTORSPORT

The philosophy of Concord Motorsport is to offer the highest quality pre-owned BMWs in New Hampshire. All vehicles are thoroughly inspected and brought up to factory standards before they are sold. Our inventory consistently features original paint and smoke-free interiors. Most cars qualify for comprehensive warranties. Not only does Concord Motorsport sell some of the best used BMWs, they also service them. Several technicians are always on hand to answer your questions and help you maintain the health of your BMW.

SILVER FOX INN

The Silver Fox Inn, located in the majestic White Mountains of New Hampshire is just a few short hours drive from most major northeastern cities but you'll feel like you're a million miles away. Great service, friendly staff and our location are just a few of the reasons that so many of our guests return to The Silver Fox Inn year after year.

TRACK TIME PHOTOS

Many participants in autocross events, driving schools, and track days would really enjoy having excellent photos showing them nailing the apex thru a chicane, driving their vehicles to the limits of adhesion. Track Time Photos has been founded to provide you with your own personal photographer at track events. Our goal is to provide you with top notch quality action photos with the convenience of previewing your pictures within an hour. Furthermore, you can take up to 8.5 x 11 photos home the same day.

Profile production information

The Profile will be published on a fixed schedule every two months. The following list of dates is intended to help event planners, paying advertisers, and anyone else interested in submitting content for publication.

All content to be considered for publication, including ads, must be in electronic file format - e.mail attachments or files burned to CD. All copyrighted material must be accompanied by written permission to reprint. Ads should be "camera ready" and require no layout re-work. Contact the ad & sponsorship coordinator for more information on placing an ad.

Photo submissions are encouraged and should be submitted in the highest resolution available. Contact the editor if you have any questions. Please include photo credits and captions.

All submissions, must be received by the production editor by the below listed deadlines or they'll be held for the following issue.

production dates and deadlines for future issues
